

## An Online Tutoring and Lecture Delivery Solution

TutorConnect is an online tutoring platform designed to connect tutors and students who need a quick, simple and yet highly effective online coaching solution, equipped with all the tools and technologies required for delivering an amazing learning session.

TutorConnect is crafted to fulfill modern online distance learning needs to allow students to seek learning sessions at any time from anywhere. It offers a set of features such as finding and booking of the most relevant tutors, state of the art online lecture delivery, downloadable lecture videos and resources, and a comprehensive reporting on payments for tutors and students.

- ✓ TutorConnect is completely web based, and requires only a computer and a good internet connection to deliver a flexible, secure and cost-effective interaction between tutor and student
- ✓ Easy to find and book the most relevant tutors based on the course, subject area and education level
- ✓ Multiple payment methods to pay for tutoring
- ✓ Digital wallet for students to pay with convenience
- ✓ World class lecture delivery system equipped with all tools and technologies such as screen sharing, whiteboard, real-time chat, full screen mode and file sharing etc. to ensure an amazing learning experience
- ✓ Access videos, chat transcript and files shared during lecture any time after the lecture. Complete history is preserved
